## **2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements are prepared under the historical cost convention, on the accrual basis of accounting, in accordance with the accounting standards prescribed in the companies (accounting standards) rules, 2006 and the relevant provision of the act. The significant accounting policies are as follows:

### **(a) Reserves and funds**

- (i) Admission fees [including admission fees for dealing in permitted securities ('permitted segment fees')] and additional-counter fees being one-time, non-refundable fees received from members (other than shareholders), sponsors and dealers of the Exchange, are credited directly to Capital Reserve when received.
- (ii) The Settlement Guarantee Fund includes interest earned from its deployment during the year.

### **(b) Fixed assets and depreciation**

Fixed assets are stated at cost less accumulated depreciation. The Exchange capitalises all costs relating to the acquisition and installation of fixed assets.

Depreciation is provided on the straight-line method, pro rata to the period of use of assets, at the rates prescribed in Company Act, 2013.

### **(c) Investments**

The Exchange classifies its investments into long-term and current investments.

Long-term investments are valued at cost. Where in the opinion of the management there is a decline, other than temporary, in the value of long-term investments, appropriate provisions are made.

Current investments are valued at the lower of cost and market/realisable value.

### **(d) Income recognition**

Dividend income on investments in mutual fund units is accounted for in the year in which the same is declared in the Annual General Meeting and Company's right to receive / payment is established.

Profit or loss on sale of investments is determined on the basis of the weighted average cost method.

#### **Provision for Doubtful Debts**

The Audit Committee, in its meeting, held on December 30, 2016, decided that the Company should write off those trade receivables of annual listing fees, annual membership/dealership fees and technology fees which are more than three years old.

#### **(e) Retirement benefits for employees**

Retirement benefits to employees comprise gratuity, leave encashment and provident fund as per the approved schemes of the Exchange. Gratuity liability is defined benefit obligation for employees. The company has taken Group Gratuity-cum-Life Insurance policy from Life Insurance Corporation of India (LIC). Accordingly, the company accounts for liability for future gratuity benefits based on actuarial valuation carried out at the end of each financial year and the contribution by way of premium paid to LIC of India was charged to Profit/Loss Account. However, provision for gratuity amount has been made in the books of accounts this year on the basis of actual gratuity payable as on 31st March, 2018 keeping in mind that the Company plans to go for voluntary liquidation.

Liability for leave encashable at the credit of each employee has been provided in full at the year end encashable salary rates of the respective employees.

#### **(f) Software costs**

Software costs are charged to the income and expenditure statement in the year in which the software is purchased. Software development costs are charged to the income and expenditure statement in the year in which development is completed.
